

WELCOME

to ORANGE - the Burgermanufaktur

DEAR BURGER FRIENDS,

look forward to experiencing our special hospitality and being spoiled with our exquisite creations. We invite you to discover the variety of our first-class burgers.

OUR MEAT

Our burgers are made from 100% top-quality muscle meat from the Charolais and Limousin cattle breeds from Ireland. These breeds thrive in loving pastures, feed exclusively on meadow grass and come from farms run by Irish family businesses that guarantee the highest standards according to the British Retail Consortium Food Safety Standard.

OUR CHEESE

combines the taste of traditional cheddar with tangy Monterey Jack. Produced with care in Ireland, the milk comes from happy cows that feed on meadow grass. Our partnership with a dedicated Irish company guarantees traceability and sustainability at every stage.

OUR BUNS

We source our buns from a regional family business with a long tradition. Our burger buns are baked fresh every day in the artisan bakery.

OUR SAUCE BAR

Our sauce bar is full to the brim with selected products from producers all over the world. Try it for yourself!

OUR HOMEMADE SAUCE

Our homemade burger sauce enhances every burger with love and perfection. We deliberately avoid artificial flavor enhancers and colorings in its production.

FOLL REGIONAL

We proudly present our commitment to regionality as part of the 'FollRegional' promotion program. With a passion for local products from a radius of 50 km around Fulda, we focus on quality and support our region.

OUR ICED TEAS & LEMONADES

A refreshing sip that captures the essence of quality, seasonality and regionality. Our iced teas are carefully selected and lovingly composed. Organic tea from Pure Tea forms the basis, while a homemade syrup made from pure direct juice provides natural sweetness and fruit.

OUR SMOKE

We add a special touch to selected burgers with our unique presentation in a smoking bell. This method not only captures the tantalizing aroma, but also the aromatic taste experience. By serving our burgers in a smoke bell, we celebrate the art of enjoyment on several levels: The visual anticipation, the fulfilling aroma and ultimately the unmistakable taste all come together.
